

Adjustable PV Mount - 1x 20W module

APM4020L

Technical Specifications

Product Code	APM4020L
Description	<p>Maximum Strength Single Pole/Wall PV Mounting System</p> <p>T-Pole Solar Mast Mount structure (Side-of-Pole/Wall) for 1x 20W module</p> <p>It is designed for remote off-grid solar utility projects like security cameras and Wi-Fi Access Points. This design reduces provides an easy, affordable and quick installation. High strength stainless steel for long term reliability. It comes complete with all fasteners to secure itself to the pole and solar panel. The panel angle is adjustable. Mounting holes with stainless steel screws for PWM solar charge controller. Pole are not included. The mounting bracket can be mounted to a wall. Optional security camera bracket, and IP65 Enclosure with mounting brackets available.</p>
PV Module size	1x 20W (Compatible with all solar module brands)
PV Module bracket	Stainless Steel plates, Powder Coat with Stainless steel bolts & nuts.
Pole bracket	M8 x 42mm HDG U-Bolts to provide a secure mounting structure for the PV solar module on a single 40mm pole. Can fit up to 50mm poles.
Manufacturing Material	Stainless Steel
Structure weight & size	2.4kg / 380mm (L) X 95mm (W) X 100mm (H)
Protection	Stainless steel and Powder coating
Fit pole diameter (mm)	Standard 40mm diameter poles. Can fit 50mm poles (50mm U-Bolts required). Mounting bracket can be wall mounted with roll bolts.
Product Warranty	5 years product warranty. 100% manufactured locally, and for harsh coastal and wind conditions.
