

Adjustable Side PV Mount - 1x 30W-50W module

APM4050L

Technical Specifications

Product Code	APM4050L
Description	Maximum Strength Single Pole/Wall PV Mounting System PV mount structure (Side-of-Pole/Wall) for 1x 30W-50W modules It is designed for remote off-grid solar utility projects like security cameras and Wi-Fi Access Points. This design reduces provides an easy, affordable and quick installation. High strength stainless steel for long term reliability. It comes complete with all fasteners to secure itself to the pole and solar panel. The panel angle is adjustable. Mounting holes with stainless steel screws for PWM solar charge controller. Pole are not included. The mounting bracket can be mounted to a wall.
PV Module size	1x 30W-50W (Compatible with all solar module brands)
PV Module bracket	Stainless Steel with Stainless steel bolts & nuts.
Pole bracket	M8 x 42mm HDG U-Bolts to provide a secure mounting structure for the PV solar module on a single 42mm pole. Can fit up to 50mm poles.
Manufacturing Material	Stainless Steel 3CR12
Structure weight & size	2.8kg / 570mm (L) X 95mm (W) X 100mm (H)
Protection	Stainless steel 3CR12
Fit pole diameter (mm)	Standard 42mm diameter poles. Can fit 50mm poles (50mm U-Bolts required). Mounting bracket can be wall mounted with roll bolts.
Product Warranty	10 years product warranty. 100% manufactured locally, and for harsh coastal and wind conditions.
